

## Non-UCITS retail scheme key investor information

This document provides you with key investor information about this fund. It is not marketing material. The information is required by law to help you understand the nature and the risks of this fund. You are advised to read it so you can make an informed decision about whether to invest.

### Epworth UK Equity Fund for Charities, a sub-fund of Epworth Investment Funds for Charities

#### CFB Income Units (ISIN: GBooBMV7NJ38)

The fund is managed by Epworth Investment Management Limited, a wholly owned subsidiary of the Central Finance Board of the Methodist Church

#### Objectives and investment policy

This fund seeks a combination of income and capital growth over a minimum period of 5 years by investing at least 70% in companies quoted on the London stock exchange which are incorporated or headquartered in the United Kingdom and carry out a significant proportion of their business in the United Kingdom.

- The fund is actively managed but a substantial number of the companies in the fund will be chosen by reference to the FTSE All Share Index.
- The fund will not invest in companies that are excluded by a screening process based upon Christian ethical principles.

In addition to the list of excluded companies, The Authorised Fund Manager has an active policy of engagement with Companies to seek to improve corporate behaviours.

#### Risk and reward profile

- We have calculated the fund's risk and reward category, as shown above, using an industry-standard method.
- The fund appears in category 5, which is a medium/high category, because the value of investments in the fund and income can increase/decrease depending on market conditions and performance due to factors such as the stock market volatility, changes in interest rates and fluctuations in commodity prices or real estate values.
- This indicator may not be a reliable indication of the future risk profile of the fund.
- The risk and reward category shown is not guaranteed to remain unchanged and may shift over time.
- The lowest category does not mean "risk free".

#### Other information

Income from investments in the Fund will be paid out to you in accordance with the instructions given in your charity's original application unless otherwise amended.

You can buy and sell units in the fund on any business day.

This investment may not be appropriate for investors who plan to withdraw their money within 5 years.

More information on the companies that are excluded from investment by Epworth's Christian ethical policies can be found at [epworthinvestment.co.uk/ethical-investment](http://epworthinvestment.co.uk/ethical-investment).

This indicator does not take account of the following risks:

- The value and income from the fund's assets may go down as well as up. This will cause the value of your investment to fall as well as rise. There is no guarantee that the fund will achieve its objective and you may get back less than you originally invested.
- In some market situations, it may be more difficult to sell the fund's assets at a desirable price which may affect our ability to redeem investors' units.
- The Manager may determine to invest part of the fund's assets in smaller companies. These may be more difficult to sell than larger companies, with larger differences between their buying and selling prices. They are also prone to more rapid changes in their prices in volatile market conditions.

## Charges

The charges you pay support the costs of running the fund, including the costs of marketing and distributing it. These charges reduce the potential growth of your investment.

### One-off charges taken before or after you invest

Entry charge	0%
Exit charge	0%

This is the maximum that might be taken out of your money before it is invested.

### Charges taken from the fund over a year

Ongoing charges	0.87%
-----------------	-------

### Charges taken from the fund under certain specific conditions

Performance fee	None
-----------------	------

The ongoing charges figure is based upon the assets under management for the last 12 months of the life of the fund. It includes a management fee of 0.55% from Epworth Investment Management Limited, Trustee, Depositary and Custodian fees and estimated third party costs. The management fee is not subject to VAT. Ongoing charges may vary from year to year. The ongoing charges are taken from the capital of the fund. Investments in the fund may be sold to meet ongoing charges and the value of your shares would be reduced. The figure for ongoing charges excludes portfolio transaction costs, except in the case of an entry/exit charge paid by the fund when buying or selling units in another collective investment undertaking.

For more information about charges (including charges made to counteract the costs of dealing in investments), please see the fund's prospectus, which is available at [epworthinvestment.co.uk/news-and-library/fund-forms](http://epworthinvestment.co.uk/news-and-library/fund-forms).

## Past performance

The Fund was launched on 30 April 2019 and the annual performance from 1 January 2020 to 31 December 2022 is outlined opposite. Five year performance is not available. Past performance is not a guide to future performance.

The figures for the fund take into account the ongoing charges and assume income (after tax) is reinvested. The performance has been calculated in Sterling (British Pounds).
