

A global equity fund for charities looking for a good level of income and long term capital growth.

It takes a Christian ethical approach to investing.

Investment objective

The Fund seeks to provide a level of income and investment growth greater than that of the FTSE All World Index (measured in Sterling) by investing ethically in the shares of global companies.

Christian ethical investment

We aim to ensure that our portfolios are consistent with the Christian faith. We are stewards of our investors' capital and seek to use our influence to improve ethical standards by engaging with the management of the businesses we invest in.

The Fund will seek to establish a diversified portfolio of sustainable companies to capture exposure to all significant sectors of the market. No sector will be automatically included or excluded. It will avoid investment in companies whose business is wholly or mainly involved in alcohol, armaments, gambling, pornography, tar sands, thermal coal and tobacco.

We will also engage with companies where exclusion from the portfolio is not appropriate but where either there is minor exposure to the avoided sectors or other ethical issues such as environmental performance, corporate governance and social justice that need to be addressed. We take our investors' concerns regarding climate change seriously and encourage our companies to provide transparency on their greenhouse gas emissions and to reduce their carbon intensity.

The Fund Manager will vote direct shareholdings in line with the overall ethical policy wherever practicable.

Risk warning and notes

Epworth Investment Management Limited ("Epworth") is authorised and regulated by the Financial Conduct Authority (FCA Registered Number 175451). It is incorporated in England and Wales (Registered Number 3052894), with a registered office at 9 Bonhill Street, London EC2A 4PE and is wholly owned by the Central Finance Board of the Methodist Church. Epworth-managed funds are designed for long term investors. The value of units in funds can fall as well as rise and past performance is not a guide to future returns. The level of income is also variable and investing in Epworth funds will not be suitable for you if you cannot accept the possibility of capital losses or reduced income. Any estimates of future capital or income returns or details of past performance are for information purposes and are not to be relied on as a guide to future performance.
