

Epworth is dedicated to serving the needs of churches and charities...

...through a Christian ethical investment approach.

## About Epworth

With roots dating back to 1960, Epworth is an investment manager dedicated to serving the needs of Churches and Charities.

We are stewards of our investors' money and carefully select investments using Christian ethical criteria.

Epworth manages assets of around £1.2bn (31.12.2018) and is wholly owned by the Central Finance Board of the Methodist Church.

## Our investment approach

We believe our Christian ethical approach is unique. We start by asking what makes a good company, in every respect, and use Christian ethics as our guide.

We invest in sustainable companies and engage with their management to influence behaviour and ensure they are acting in a responsible way. Companies that do not meet our investors' ethical requirements will be excluded.

We take an active approach to investment management, believing this is the best way to add value for our investors. We help control risk by investing only in sustainable companies. Aware that fees can be a significant drag on returns over time, we look to keep our costs fair and competitive.

It is the combination of these factors that we believe provides the foundation to provide the good long term returns on which our investors depend.

We are committed to the UK Stewardship Code, Principles for Responsible Investment and the Montréal Pledge. We work closely with a number of organisations to improve ethical standards, most notably the Church Investors Group.

## Meeting your investment needs

We have a range of investment funds which offer simple solutions for charities.

You have two ways to invest in these funds. We can select the blend of our funds that best meets your needs (this is discretionary management and is subject to a minimum investment of £250,000).

Alternatively, you can simply choose the fund(s) that meet your requirements (the minimum investment in individual funds is £1,000).

## Cash management

Our Affirmative Deposit Fund offers charities a competitive interest rate on their cash deposits, with same day access to their money.

## Multi-Asset

An all-in-one solution for charities looking for a good level of income and capital growth through a blend of different assets.

## Equities

Our UK and global equity funds are designed for charities looking for a good level of income and long term capital growth.

## Bonds

Our corporate and sovereign bond funds seek to provide a good level of income with lower capital risk than investing in equities.
